

given assets, uncertainty, and preferences: what do you do?

Unit 1

Foundations and
schedules of
dated payments

weeks 1–2

each unit adds: move dollars
across dates

Unit 2

Equity markets,
uncertainty, and
portfolio allocation

weeks 3–7

describe what
you do not know

Unit 3

Modeling and analysis
of equity derivatives

weeks 8–11

price a claim that
depends on another

Unit 4

Modeling and
analysis of financial
decision-making

weeks 12–15

choose, then check
whether you were right

weeks
